Progressive Russia

On the 25th of August, inst., the nine hundredth anniversary of the Empire of Russia, the government will be declared changed from autocratic to a constitutional form. The Grand Duke Constantine is the initiator of this movement, seconded by Prince Gortzekoff.

Thus is progressive Russia making giant strides towards a greatness which surpasses all Europe, and rivalled only by the United States among the nations of the earth. And it is to this progressive idea that Russia owes her greatness. Russia and the United States are the only two great representative nations of progress, and between which there is a natural sympathy and friendship which does not exist between any other two nations on the face of the globe. We look to Russia as a natural ally, and feel that we can depend upon her friendship, and should any European power, or combination of powers, mix themselves up with the American question, or the rebellion which the Federal Government is now engaged in squelching, we believe that Russia would prove her friendship by actual demonstration. The two nations being the only two great Progressive Powers, their future destiny nearly the same, corresponding in their vastness of territory, the one the great power of the Eastern and the other of the Western Continent, it is very natural that there should exist a sympathy between the two great representative powers.

Although classed a despotism, nevertheless, liberal opinions are in the ascendancy in Russia. They readily absorb and assume the genius of the Yankee nation, and Yankee talent and inventive genius is revolutionizing the empire. Those two great progressive agents, the railroad and lightning telegraph are spanning the empire and scattering liberal and progressive thoughts broadcast over the land, and which are readily taken up by the natural progressive mind of the Russian. These progressive ideas have been silently working out its results for a number of years, resulting two years ago in a great stride towards freedom in the emancipation of the serfs, and to-day, Russia is a great nation of freemen, the ukase of the Emperor has severed the chains of the bondman at the demand of this great progressive idea.

The next great stride in the progressive march towards freedom, will take place on the 25th inst., when a Despotism will give place to a Constitutional form of Government.

Thus has Russia fully committed herself to the law of progress, and is not only keeping pace with, but outstripping even the United States at the present time—for while a portion of the United States are in arms fighting against progressive ideas and seeking to establish over one half of the Republic an aristocratic obligarchy, founded upon chattel slavery, which would result in a despotism, Russia continues steadily on, developing free sentiments and pursuing the even tenor of its course towards Democracy.

How strange the contrast! One-half of Republican America fighting to establish an aristocratic obligarchy, and Despotic Russia peacefully unfolding into Constitutional Democracy. Curses upon the traitors who thus seek to subvert the Democratic institutions of our country and block the wheels of a great progressive Republic! and shame to the sympathizers of traitors, who in the name of Democracy, strike at the very vitals of our Democratic institutions. It is Democracy against aristocracy, Republicanism against Despotism, and those who defend the rebellion, are full fledged obligarchists, and at war with every principle of Democracy.—*Independent.*

Prize Essay

We have taken a [illegible] deal of pains in preparing a synopsis of the premiums offered for articles to be exhibited at the second Oregon State Fair. We have done this from a belief that our farmers and mechanics will be glad to see the movements made by the Agricultural Society of Oregon to encourage and advance our industrial interests. We hope that all who can will attend the State Fair, and that they will carry with them all the articles in their power to add interest to the exhibition.

We noticed that the Society offered premiums for essays on several important subjects. That is, practical essays—plans, schemes, systems—to work by; not theories, fine spun and beautiful, as they may be, but which are of no real value. We regretted, however, that the Society should have omitted to offer a premium for the BEST ESSAY SETTING FORTH THE ADVANTAGES OF OREGON FOR SETTLEMENT BY EMIGRANTS. Such an essay would not only be useful to the State, but, if properly made up, would be of immense value to emigrants—to those now on our borders, and to those who might be induced to come to Oregon hereafter. Such a work would of necessity show where unimproved lands could be had—their nearness to market—the prices of improved farms in different counties—with the population of the localities—the soils—value of produce—and, indeed, many more particulars than we can now name, which would be interesting and important to the emigrants. Such a work *sent forth by the State Agricultural Society* would possess an authority and carry an influence which would result in great good to our people and to those who would be induced to cast their lot with us.

So important do we deem this matter, that we propose to place in the hands of the Society twenty dollars, to be awarded under their rules, for the *best essay* "ON THE ADVANTAGES OFFERED BY OREGON FOR THE SETTLEMENT OF EMIGRANTS WITHIN HER BORDERS."

We are not certain that an essay of the character desired can be prepared previous to the State Fair. If not, it can be submitted to the action of the Publishing Committee at their first meeting thereafter.

Here is a field worthy the attention of our thinkers and writers in Oregon. We are aware that the premium is not large, but the successful writer will find a rich reward for his effort, in a consciousness that he has labored for a good cause, and for which he will receive the hearty thanks of a grateful people.

Ordnance Department at Fort Vancouver.

In a visit to Vancouver, some days since, we could not fail to notice the improvements in the Ordnance Department. The position of Military Store-keeper until near November last, was held by a secesh, who was dismissed from service. He had done little for Government, except to relieve the Treasury of the amount of his salary. Capt. Eckerson, the present commanding officer, arrived there and entered upon duty in November last. As soon as Spring fairly opened—in March—he commenced putting up buildings. There are now upon the Ordnance grounds an extensive store house—a fine frame building, in which are soldiers, blacksmiths, painters and carpenters' shops; a building for a laboratory; a magazine; quarters for the commander, and for the artificers and families connected with the establishment—and a neat building for an office is now in process of construction. The grounds are well graded, have a beautiful exposure to the river; the buildings are all neat, unexpensive, yet in good taste; and the views from the grounds embrace all the fine scenery for which the vicinity of Vancouver is famous. We saw on the grounds spars for a flag staff of beautiful proportions, and which was to be erected in a few days, the predecessor of Capt. Eckerson had neglected to provide one, not being anxious to see the Stars and Stripes float over the Ordnance grounds, or any where else—a feeling entirely dissimilar to that about to be exhibited by Capt. Eckerson.

The erection of the Ordnance buildings and the improvement of the grounds has been mainly done, as already stated, under the direction of Capt. Eckerson, and they certainly do honor to his taste, economy in expense and their evident capacity for usefulness. The grounds, graded this season, without a seed having been sown, yielded a fine crop of timothy and clover, showing the natural adaptation of the soil to these crops.

The *Atlantic Monthly* has a [illegible] article on the Old Dominion as it was and as it is now. In the early history of Virginia a census was taken of [illegible] [illegible] men there were [illegible] [illegible] [illegible] bricklayer [illegible] [illegible] *fifty-four gentlemen*. These were called *gentlemen* [illegible] labor. This was about the year 1[illegible]. In the same part of Virginia in 1862 the [illegible] found about the same proportion of *gentlemen* [illegible] being white men [illegible] strange.

[illegible] the Nation.

OLD ABE'S [illegible] ORGANS.—An [illegible] correspondent of the *Alta* writes:

President Lincoln may have [illegible] [illegible] *National Intelligencer* [illegible] [illegible] Secretary of [illegible] [illegible] *Vermont Star* [illegible] [illegible] Secretary of War [illegible] President [illegible] [illegible] He may be slow, but he is sure [illegible] [illegible] [illegible] President Lincoln has installed no such power behind the Executive chair; and although Washington correspondents may [illegible] to give the key notes for applause [illegible] [illegible] their Chief Magistrate for not having at his back and call a toadying [illegible] [illegible] praise every act of this Administration.

A WIFE PARTING WITH HER HUSBAND.—The Sacramento *Union* of the [illegible] inst. relates this interesting incident:

Quite a sensation was created on board the steamer *New World* yesterday at two o'clock by the efforts of a woman to induce her husband to leave the boat and return ashore with her. It appears that he had decided to join Steinberger's regiment, and had enrolled his name at the recruiting office in this city with P. Rosenberg, who had supplied him with a ticket for San Francisco. His wife, finding that she and her child were likely to be left by him, followed him to the boat determined to induce him to return or go with him if unsuccessful. He used every exertion in his power to elude her, but she kept on the boat and in sight of him. The sympathies of the crowd appeared to be with the wife. The husband was at first inexorable, but it is an ill wind that blows nobody any good. The *New World* was detained two hours in the stream before starting, and before the expiration of that period the husband reconsidered his decision, concluded that he owed a duty to his family as well as to his country, and the couple came ashore on the *Gov. Dana*.

"HONEST OLD ABE."—The President is nearly the only public man who in these troubled times has escaped detraction. His personal character is not only beyond reproach but it is a very amiable one. Hear what a New York correspondent of the London *Times* says, and says truly, of our *honest* Old Abe:

There can be no doubt that the President is the most popular man in the United States. Without education or marked ability, without the personal advantages of a fine presence or courteous manners, and placed unexpectedly in a position of unparalleled difficulty and danger, he has so conducted himself amid the storm of passion that rages around him as to have won the good opinion of everybody.—There is not a journal in the country that speaks of him except with kindly respect; there is not a soldier in the field who does not love and honor him; and there is not a man in private life, whatever may be his political opinions or his views upon the origin, conduct or progress of the war, who does not cheerfully admit that Mr. Lincoln has shown himself equal to his work, and rescued the Presidential office from the contempt into which it was falling. The explanation is to be found in his manly common sense and his unquestionable honesty. Incorrupt amid the corruption, persevering amid the vacillation, and single minded amid the false pretense and tortuous double dealing of three fourths of the public men with whom he has been brought in contact, he has concentrated upon himself, without seeking it, an amount of confidence that Washington himself never enjoyed, and of popularity that was only heaped upon that patriot's memory after death had sanctified his claim to veneration. Two other traits in Mr. Lincoln's character are his good nature and his pluck, equal to that of Lord Palmerston in backing his friends. Of both of which his message to Congress exonerating his Ministers, and especially Simon Cameron, from all blame for any error of illegality of which they may have been guilty, and assuming the whole responsibility of every one of their acts, is a remarkable proof.

MASSACRE OF CONTRABANDS.—Flag Officer Dupont writes to the Navy Department that the rebels, through information given by a negro who had been employed by the Union army, became aware of the absence of our troops from Hutchinson's Island. They made a descent upon Mrs. Marl's plantation, surrounded the house and murdered the old [illegible] a large number of contrabands, who were awakened from their slumbers only to fall by the hands of the infuriate Rebels.

SAN FRANCISCO, August 7th.

Some parties have recently discovered a silver mine in Monterey county, which assays from $111 to $[illegible] per ton. Specimens have been received here which prove even richer.

The treasure lost on the *Golden Gate* is nearly all insured.

Costa Rica coffee is held at 20 cents, Java at 2[illegible].

A New York private letter says there is an infernal amount of knavery going on in this tariff matter, and it is known to have existed even to the suppression of most important clauses in the published rates on these articles. You can see from this how difficult it is to get at the truth.

A [illegible] says: Over all treasure remittances with the war risks.

A report is in town that Uhn Wilson's Circus Company at Mazatlan was robbed of their elephant, and the women of the company ravished by the guerrillas or Apache Indians. All the property of the company was taken.

FROM HONOLULU.—The dates are to July 17.

King Kamehameha has annexed Palmyra Island. It is situated [illegible] degrees 40 minutes north latitude and 1[illegible] degrees [illegible] minutes west longitude.

Dr. Judd, agent of the American Guano Company, took possession of the Island for the United States in 1860. The American flag was floated and the proclamation made. It is ten miles long, six miles broad, and affords a good harbor. The U. S. Government has not abandoned the claim and will be impelled to resist Kamehameha.

NEW YORK, Aug. 6th.

A letter from off Savannah, dated July 29, gives a report of an attack on rebel batteries on Ogeechee river by the gunboats *Paul Jones*, *Unadilla*, *Huron* and *Madgie*. They shelled the works for two hours, inflicting serious damage and [illegible].

Dates to the 24th from Newbern, North Carolina, have been received. An expedition had been sent to Young's cross roads, at the head of White Oak river, where they had a skirmish with a party of rebels, completely routing them. Col. Buchanan, commander of the expedition, was slightly wounded.

A late Richmond *Enquirer* has the following telegram, dated Savannah, August 6th: "Five gunboats opened on our batteries at Genesis Point yesterday morning. An engagement ensued, lasting several hours, and resulting in the repulse of the gunboats. It is thought that one of them was seriously damaged. The quarters of the fort were somewhat damaged by shells. Nobody was hurt on our side."

LYNCHBURG (VA.), July 31.—A special [illegible] to the *Republican*, dated Narrows, [illegible] New River, July 29th, says: Major Bailey, commanding [illegible] 1,000 men, [illegible] Fowler[illegible] [illegible] county (Western Virginia) on Friday at daylight, and killed [illegible] [illegible] the enemy [illegible] including four commissioned [illegible] and privates. Not being able to bring away the stores, Major Bailey burned them.

TUPELO (MISS.), July 30.—General Armstrong, in a general report of the affair at Courtland, Alabama, says the Federal loss was [illegible] killed. He captured the equipments of four companies, six wagons with horses, and a quantity of supplies, including two hundred bushels of corn. The depot of the telegraph line, a bridge and trestle work were destroyed. Armstrong also defeated the Federals the same day, taking fourteen prisoners.

An officer who left Tuscumbia, Alabama, on Monday, says: On Saturday a band of [illegible] cavalry burned the station houses at [illegible] [illegible] miles from Tuscumbia, and at [illegible] fifteen miles from the same place, to stop communication on the Charleston Railroad. The rebel cavalry are numerous and hold that region. Being thoroughly acquainted with the country, they generally get the better of our forces.

WASHINGTON, Aug. 6.—The Union meeting at the Capitol to-night was an immense affair. A number of the most prominent and most distinguished gentlemen spoke. President Lincoln made a short speech, principally in justification of the Secretary of War, taking upon himself the responsibility of acts for which the Secretary has been blamed.

NASHVILLE, Aug. [illegible].—General Nelson sent [illegible] McMinnville, Tennessee, on Saturday, with 6,000 troops. The rebel forces fled at his approach, leaving forty stragglers to fall into our hands. The rebel C[illegible] Forrest is supposed to be at Sparta with 2,000 cavalry.

General Negley arrived at Columbia yesterday. He dispersed a large concentration of guerrillas at Williamsport, 12 miles from Columbia, on Sunday evening, capturing a number. A considerable quantity of cotton has been burnt near Columbia. The guerrillas near there have been attempting to concentrate for some time. The utmost vigilance is required to prevent them.

WASHINGTON, Aug. 7.—General Canby is relieved from duty in New Mexico, and ordered to report in person to the Secretary of War.

The latest advices from Sperryville, Rappahannock county (Va.), state that a deserter from the 7th Virginia Cavalry came into our lines, having left Gordonsville last Saturday. He says there is a very large force at that place and Stanardsville, and that reinforcements are arriving daily; that it is their intention to attack Pope and whip him if they can and then fall upon McClellan.

Col. Robinson, Provost Marshal at Sperryville, received orders yesterday to send a hundred and forty citizens of that place and the surrounding country who refuse to take the oath beyond the lines of our army.

Governor Morgan and Thurlow Weed arrived at Washington last night. The Governor thinks New York's quota of volunteers will be furnished by the end of the week.

A special dispatch to the New York papers says: A delegation of Western men, including two Senators, made an offer of certain negro regiments to the President yesterday, to which offer the President replied that he had decided not to arm the negroes, but would not [illegible] as many as were offered as laborers. This is understood to be the settled policy of the government. This refusal excites surprise among parties interested in General Lane's plans, as he stated positively before leaving that the Administration understood his intention of enlisting negroes in Kansas.

WASHINGTON, August 6th.—It is believed that General Burnside has reached his new field of operations, and may soon by act of his own announce his exact locality.

There is authority for emphatically denying the truth of the statement that Secretary Seward has made a remonstrance to France against the presence in the Gulf of Mexico of a powerful fleet.

The latest advices from Sperryville say Prisoners continue to be brought in from Madison Court House. Local blacks are coming into the lines in great numbers from the direction of Stanardsville. They are a [illegible] [illegible] [illegible] very superior class and will make excellent teamsters.

A scouting party yesterday found between twenty and thirty negroes in irons, twelve miles from Madison Court House, in nearly a starving condition. They were caught by the rebels while trying to escape.

The heavy draft by the Government is variously regarded, but the prevailing sentiment is one of approval. A strong feeling of condemnation succeeds the discouragement of the [illegible] month.

A treaty of commerce and navigation between the United States and the Ottoman Empire has been officially proclaimed.

NEW YORK, Aug. 6.—The *Times'* Washington correspondent's dispatch says well informed circles are full of stories about a movement either progressing or impending in McClellan's army. The President is cited as authority for the declaration that the present week must bring stirring news from the peninsula. Much stress is laid on Halleck's refusal to grant passes to any one on any account, to visit the peninsula, for the reason that the state of affairs is too critical to permit any passing to and from the lines except by military men.

W. H. Webb has contracted with the Government to build an iron steamer to be covered with six-inch iron, and to have two revolving turrets like the *Monitor*, which are to be covered with twelve-inch iron. The vessel is to have a [illegible] [illegible] half the length of the [illegible]. Price [illegible] and a quarter millions.

A special dispatch to the *Post* from Washington says: Reports from Pope's headquarters state that the rebels are concentrating their forces at Gordonsville with the evident intention of attacking Pope.

Several Governors of Loyal States are here consulting with the President in relation to the new order for drafting.

The *Post* professes to have reliable information from Richmond that the entire rebel army numbers [illegible] 50,000 effectives from the Potomac to the [illegible]. The force about Richmond [illegible] at the highest 120,000, of whom 30,000 were on the peninsula during the memorable seven days' fight. The rebel loss on that fight was 2[illegible],000 killed and wounded. Richmond since then has been one vast hospital.

BARRETT'S

RETT'S

The Daily Oregonian.

CITY.

The MORNING OREGONIAN has a larger SUBSCRIPTION LIST than any other Daily published in this City.

THE DAILY OREGONIAN may be had at the Franklin Book Store, and at Charles Barrett's Front street

No News.—The daily stage, last evening, brought nothing later from the East. We may expect to receive very important and exciting war intelligence in the course of the next five days, as preparations for another grand battle are about completed, and has probably taken place ere this time.

Indian Troubles.—We heard a report upon the streets last evening that information had been received by a gentleman of this city that the Indians had massacred several of the emigrants *en route* for Oregon, upon the plains. We were unable to ascertain the particulars of the fearful account, but hope that the reality may not prove so serious as is now reported. We shall probably learn more of this in a day or two.

Poor "Nibbs."—We are informed by the attending physician that the recovery of this poor unfortunate is extremely doubtful. He was rapidly failing at a late hour last night.

Taken Care of.—We learn that Judge Marquam very properly ordered, yesterday upon affidavit of Wm. Curraeh that John Dillon, *alias* "Corn Doctor,"—well known as the religious maniac—who has been perambulating our streets, and disturbing the quiet of certain religious circles for some time past, that he be properly taken care of by Dr. Loryea at the Insane Asylum, East Portland, and was therefore duly taken in charge and, no doubt, will be suitably provided for by the managers of this most excellent and necessary institution.

Improper Interference.—Certain persons who were undoubtedly strangers to the circumstances of the case, undertook to interfere, yesterday, against the execution of legal authority for the arrest and proper taking care of a notoriously insane individual, which interference, if it had been persisted in, might have resulted in serious consequences. We, therefore, would caution all persons to be careful upon such occasions, lest they might meet with more than they bargained for, or anticipated in the outstart. We regard this interference alluded to as highly unjustifiable, as an act of charity prompted the action authorized in this case, and had the parties opposed their opposition much further, they would have been subject to heavy responsibilities.

Discharging.—The bark *Almatia* is now discharging her freight at Couch's Wharf, among which we notice a steam boiler and a large amount of railroad iron for the upper country.

Pleasant.—The weather for the last few days has been quite pleasant. Neither too hot nor too cold, too wet nor too dry.

War and Southern Commerce.—A copy of the New Orleans *Price Current*, embracing a summary of the year's business, ending May 1, 1862, has been sent to the Navy Department, by one of the officers of the gulf squadron. It appears from this journal that the exports of cotton from New Orleans for the past year have been eleven thousand bales, against one and a half million bales the previous year. The exports from all the Southern ports have been only thirteen thousand bales against more than two millions the previous year. Exports of tobacco from New Orleans, nothing, against 17,000 hogsheads last year. Imports—Specie, nothing, against $19,000,000 the previous year; Coffee, 300 bags, against 250,000 bags; salt, nothing, against 500,000 sacks.

Quarterly Treasurer's Report.

To the Hon. Common Council City of Portland

I herewith transmit to you a report of moneys received and disbursed, and for what purpose disbursed, for the quarter ending June 30th, 1862. Also, in conformity to sections 33 and 34 of City Ordinance No. 100, I present you the paid warrants for this quarter, with the names of the persons in whose favor they were drawn, and the number and amount of each warrant.

Is composed entirely of healing gums, and vegetable oil and herbs. It is perfectly safe for the most delicate to use. I can most sincerely say that I have never known any however delicate to be injured by it in the least. I will continue to ask the afflicted who have not used it to try it for the following diseases. If they are not satisfied with its healing properties the money will be cheerfully refunded by the agent where the medicine is for sale.

If you have pain in the stomach or bowels, try a dose of Pain Panacea internally, bathe externally over the parts affected and you will at once restore the proper action and relieve the pain.

If you have a Bruise or Wound bathe it well with the Pain Panacea four times a day. It will relieve the pain, and take out all the poison, and heal the wound in a short time.

If you are suffering from Neuralgia or Rheumatic Pains apply the Pain Panacea freely and take a dose of it internally morning noon and night. It will not only cure the pain, but will remove the cause of the disease.

NOT A REPUBLICAN WAR.—The Democracy who [illegible] the war [illegible] under the false cry that it is a Republican war waged for abolition [illegible] better answered than by a Democratic Senator, Milton S. Latham, who said in the Senate of the United States, June 20th, 1861:

This is not a war of the Republican party against the Southern States. The fact that it has the cordial support of one million of the North who cast their vote for the Democratic nominees, negatives any such idea. Men who have been classed as leaders of the Democratic party are among your volunteers; yes, sir, the majority of those in command, as well as the volunteers themselves, so far as my information extends, have always been, and are now, the supporters of the principles of the Democratic party. I may not so State [illegible] sixteen out of twenty three colonels are Democrats, and the rank and file are of great proportion. Many of the ablest advocates of the democratic party are in command, and the Chairman of the National Committee of the party of which my friend from Kentucky was the nominee, tenders his services from the far off shores of the Pacific to the Government in any capacity. The issue is simply whether you will have a Government at all, and not by what political principles it is to be kept in existence after its vitality is [illegible]. It is not whether this party or that party shall be dominant in your country, but whether you will maintain the position which, as a Government, you have heretofore occupied in the eyes of the civilized world.

The wool crop of Oregon for this year is about 300,000 pounds. Of this about 12[illegible] 000 pounds will be manufactured during the year by the Salem Woolen Company, and the rest exported.

Springs from neglect of Nature's laws.

To the Afflicted.

Suffer not when a cure is guaranteed in all stages of secret diseases—Self Abuse, Nervous Debility, Syphilis in all its stages, Strictures, Gleet, Gravel, Diabetes, diseases of the Kidneys and Bladder, Mercurial Rheumatism, Scrofula, Pains in the Bones and Ankles, diseases of the Lungs, Throat, Nose and Eyes, Ulcers upon the Body or Limbs, Cancers, Dropsy, Epileptic Fits, St. Vitus Dance—and all [illegible] derangement of the sexual organs—such as Nervous [illegible] General Weakness, Dimness of Vision [illegible] appearing before the eyes, Loss of Sight, Wakefulness, Dyspepsia, Liver Disease, Eruptions upon the Face, Pains in the Back and Head, Female Irregularities—and all improper discharges of both sexes. It matters not from what cause the disease originated, however long standing or obstinate the case, recovery is certain, and in a shorter time than a permanent cure can be effected by any other treatment, even after the disease has baffled the skill of eminent physicians and resisted all their means of cure. The medicines are pleasant, without odor, entirely vegetable, causing no sickness and free from mercury or balsam. During fifteen years of practice in Europe, the Atlantic States and California, I have rescued from the jaws of death many thousands who in the last stages of the above mentioned diseases had been given up to die by their physicians, which warrants me in promising to the afflicted, who may place themselves under my care, a speedy and permanent cure. Private diseases are the greatest enemies to health, as they are the first cause of consumption, scrofula, and many other diseases, and should be a terror to the human family. A permanent cure is scarcely ever effected—a majority of cases falling into the hands of incompetent persons, who not only fail to cure the disease, but ruin the constitution, filling the system with mercury, which with the disease, hastens the sufferer into a rapid consumption. But should the disease and the treatment not cause death speedily, and the victim marries, the disease is entailed upon the children, who are born with feeble constitutions, and the current of life corrupted by a virus which betrays itself in scrofula, tetter, ulcers, eruptions and other affections of the skin, eyes, throat and lungs, entailing upon them a brief existence of suffering, and consigning them to an early grave.

Self abuse is another formidable enemy to health, for nothing else in the dread catalogue of human diseases causes so destructive a drain upon the system, drawing its thousands of victims through a few years of suffering down to an untimely grave. It destroys the nervous system, rapidly wastes away the energies of life, causes mental derangement, prevents the proper development of the system, disqualifies for marriage, society, business, and all earthly happiness, and leaves the sufferer wrecked in body and mind, predisposed to consumption and a train of evils more to be dreaded than death itself. With the fullest confidence I assure the unfortunate victims of Self Abuse that a permanent and speedy cure can be effected, and with the abandonment of ruinous practices my patients can be restored to robust, vigorous health.

Irregularities and all diseases of females treated on principles established by fifteen years of practice, and sanctioned by thousands of the most remarkable cures. Medicines with full directions sent to any part of the State, Oregon and Washington Territory, by patients communicating their symptoms by letter.

All business correspondence strictly confidential. Address DR. L. J. CZAPKAY, Medical Institute, Sacramento street, below Montgomery, opposite Pacific Mail Steamship Company's Office, San Francisco.

CERTIFICATE.—[illegible] desire [illegible] heart, [illegible] scientific skill [illegible] About two years ago I suddenly was afflicted with a [illegible] epilepsy, which, owing to my inability to meet the expense [illegible] thorough medical treatment and the [illegible] which I met with on attempting, [illegible] such [illegible] to defy the skill of any physician. I was frequently while in pursuit of my calling thrown to the ground without the slightest warning, and although one neglected the [illegible] miseries of my life and soon learned to look upon those who would render assistance or shelter me from danger as [illegible] While in this state [illegible] to my situation tasted the [illegible] was induced to attempt [illegible] a physician and by recommendation called upon Dr. L. Until I reward him for the boon which I enjoy at present, and yet conscious of my indebtedness [illegible] I consider it [illegible] to make the [illegible] public in order that those in need of medical advice may find a physician in whom every confidence can be placed.
